electrical training
ALLIANCE

2023 Interim Credential
Updates

2023

**ELECTRICAL
INTERIM CREDENTIAL
UPDATES**

Welcome to the new Interim Credentials program!

Today's webinar:

- Brief introduction to curriculum
 - Connecting what and why
 - Changes to program access overview
 - Procurement process in detail
- 

Connecting What and Why

Connecting What and Why

What

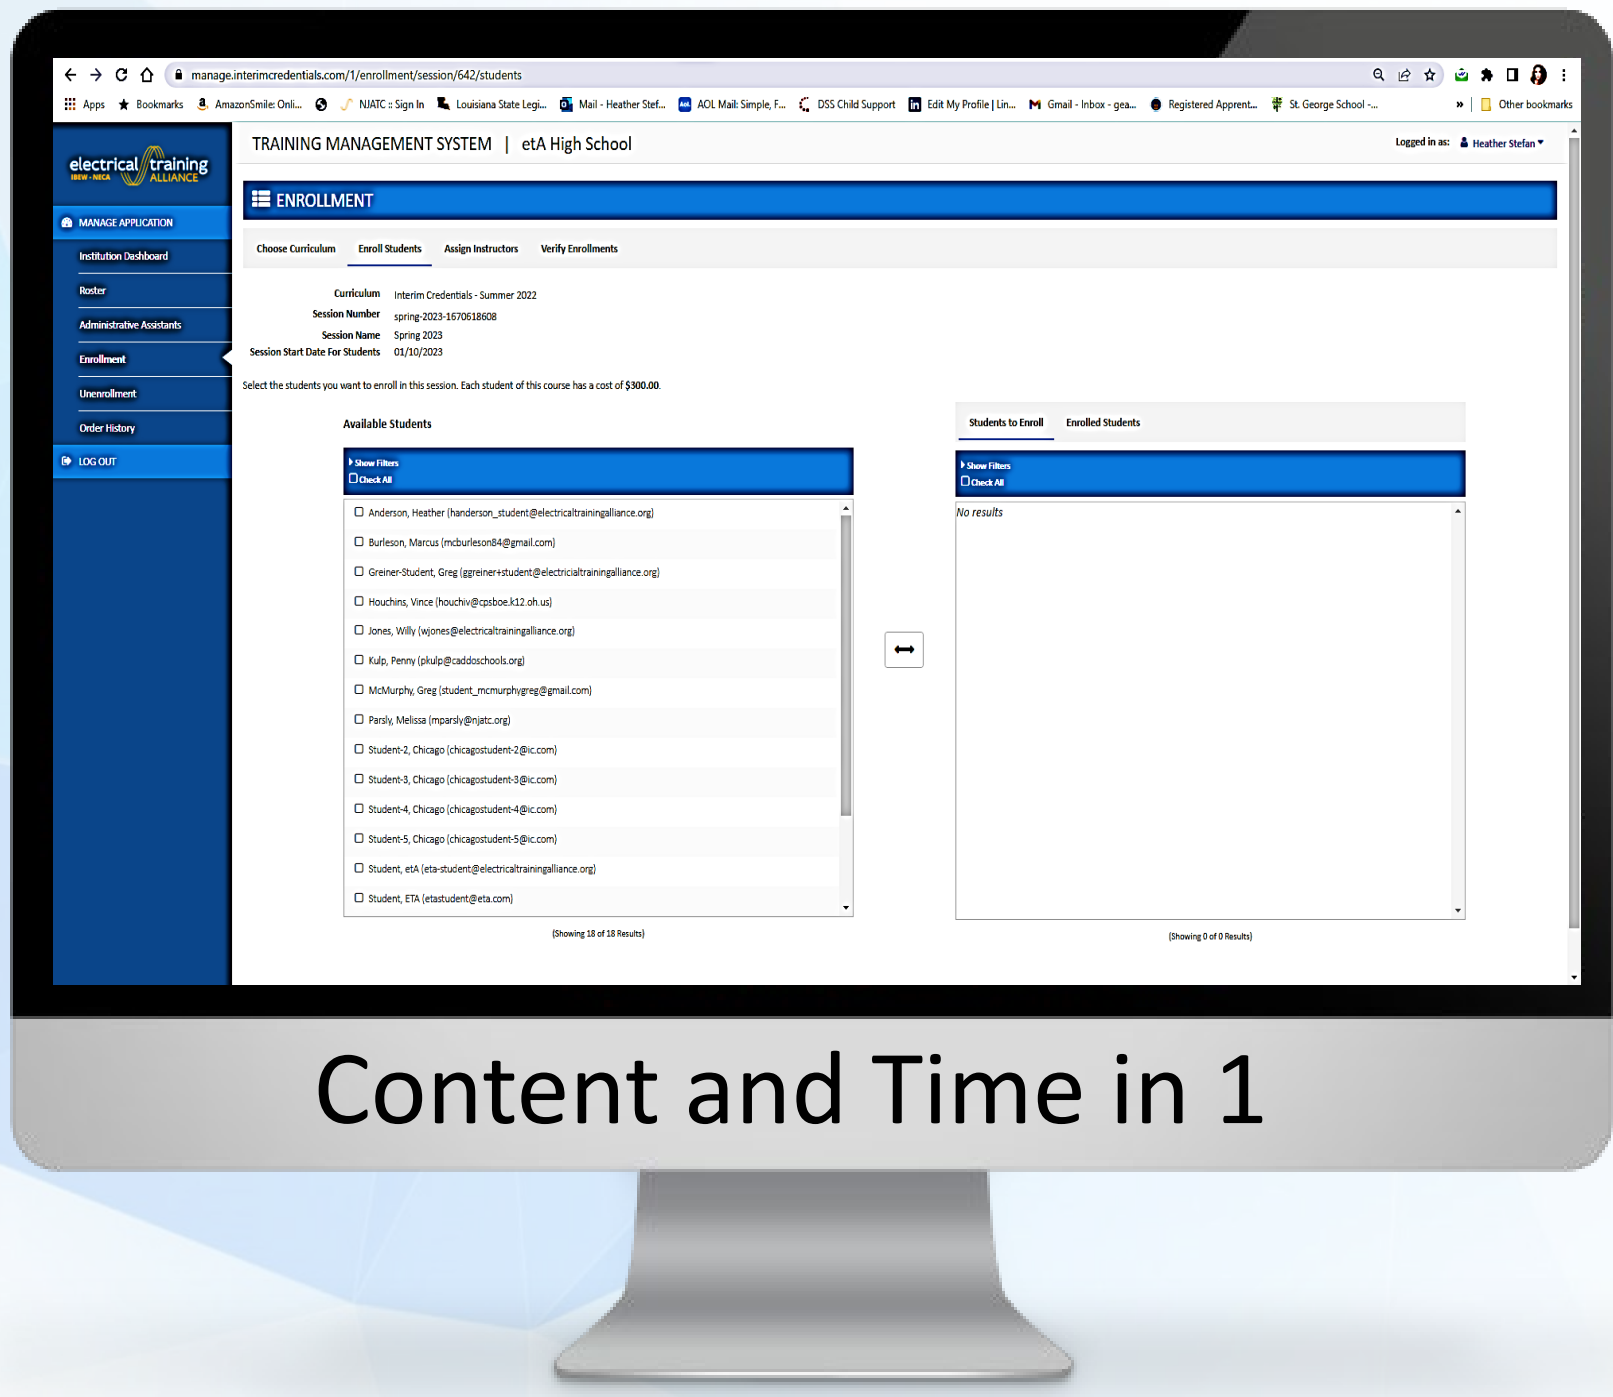

- Brand new Electrical Interim Credentials course (v2) is replacing current gamified IC legacy course (v1)
- New version uses the same computer-mediated courses our training centers use for newly accepted apprentices
- The electrical training ALLIANCE (etA) has reorganized and split into two organizations - now etA and ProTech Skills Institute (PTSI)
- IC v2 has a new home on the PTSI online learning system - same platform used by our apprenticeship training centers

Why

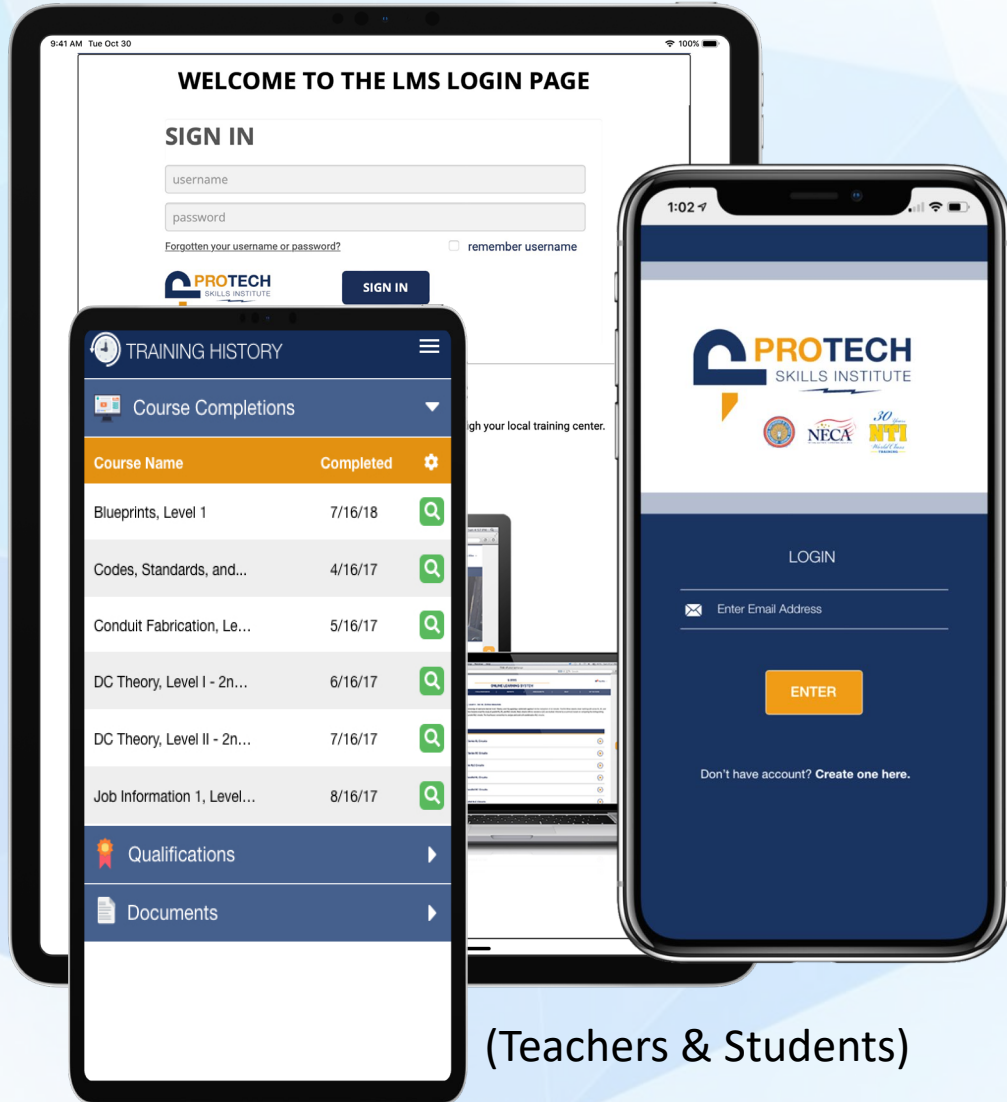

- etA is dedicated to constantly improving content and services
- v2 has far better performance and easier navigation
- By using the same courses as our apprentices, we ensure that IC students are learning the exact same content in the same way
- Less gamification means the course will appeal to a greater age range of users from high school to post secondary
- By sharing the same OLS as our training centers, v2 will benefit from the same improvements and updates at the same time as our training centers
- Training centers can provide in-person assistance to IC users where available, expanding our capability to provide a greater range of support

The Content

SINGLE PLACE
TO DISTRIBUTE

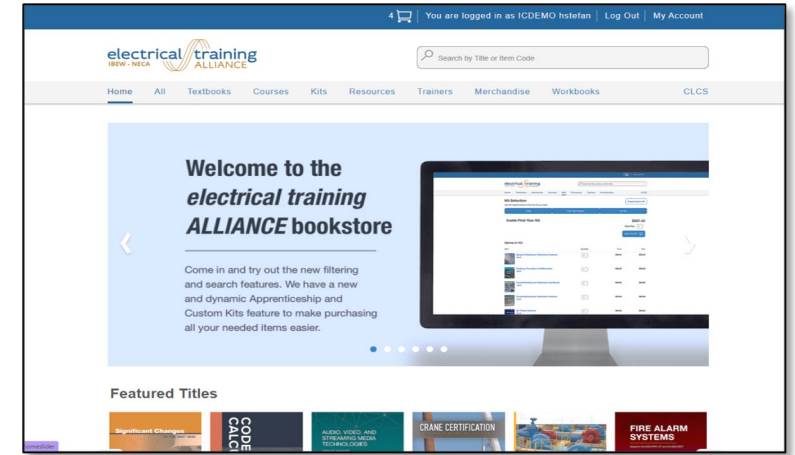

ONLINE COURSE ACCESS

Access

To Summarize:

- ★ All licenses are purchased from the etA bookstore.
- ★ Accounts will be invoiced immediately with 30 days to pay.
- ★ Each user assigned/enrolled in content, will need individual access – including teachers

IC PROGRAM USER ACCESS

There are 2 types of access:

1. **Three-week User Access Tokens (free)**
2. **Two-year User Access Tokens**

TWO-YEAR ACCESS

Type of Access:	Provided By:	Cost Per User:
Two-Year Program Access (License)		\$189
Two-Year User Access (Token)		\$126
	TOTAL COST PER USER:	\$315

} Ordered separately but invoices will be combined

Don't forget - Teachers are users too!

The Procurement Process:

STEP ONE

Purchase licenses from etA Bookstore

WELCOME

Welcome to the Training Management System (TMS) – the enrollment application used for the PTSI Online Learning System. This is your gateway to manage users and their enrollments into digital content and help of your training. The menu to the left provides various function. From these menus:

- learning system users can be rostered into the system
- access to the system and content can be granted
- filter groups can be created – this is a tool for grouping rostered users for use later for assigning content and more
- transaction histories may be reviewed and printed
- director assistants can be entered into the system
- access to the LMS from the TMS grants administrator access to reporting details in the LMS.

Many more features may be accessed and utilized from the menu. Be sure to watch the videos below for assistance in learning about the system. Also note the question mark icon in the upper right hand of TMS pages. On each page the icon is a link to a video and transcript of how that page functions.

TMS NOTIFICATIONS

PTSI TMS ROSTER CHANGE/UPDATE

To increase performance of the roster page we have made a small change when selecting users. To access the deeper details about users such as Licensed Courses, All Enrollments, eBook Assignments, Access History, & Deactivation you will need to click on the gear icon for that user in the roster list.

The latest news for the electrical training ALLIANCE LMS professionals

Recent CML Course Updates

Greg Greiner 06/05/2023

What happened, when did it happen, and why did it happen? Those are questions that may be wondered when reviewing new or updated *electrical training ALLIANCE* content. The following message shares some of the most significant updates made to the 1st-year CML courses, including a new CML course that just rolled out. Below are links to the webinar sessions that will be held to discuss and answer ...

(MORE...)

The New eBook Platform is Going Live

Tonya Strickland 02/28/2023

The electrical training ALLIANCE will release a new eBook platform Thursday, March 2, 2023, to replace our existing system. eBook access will be unavailable on March 2nd from midnight – 6:00 a.m. ET during the migration. The details below tell why this is being done and what it means for current eBook users and Training Directors.

Advantages:

- The primary advantage is an improved reader ...

**Can administrators delegate their
role to other people?**

Invoicing: When & How?

Bookstore purchases and tokens will be combined into one invoice.

Administrators will receive invoices via email after the order has been placed. They can also be found in your bookstore account.

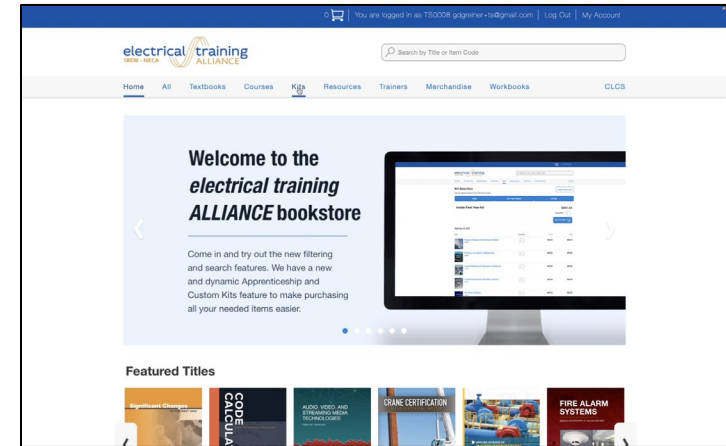

Token invoices will not appear in your bookstore account immediately. etA will add them on a monthly basis.

Billing is automated. Please pay close attention to the payment terms of any purchases and note that Bill Ball nor myself are involved with the billing process any longer.

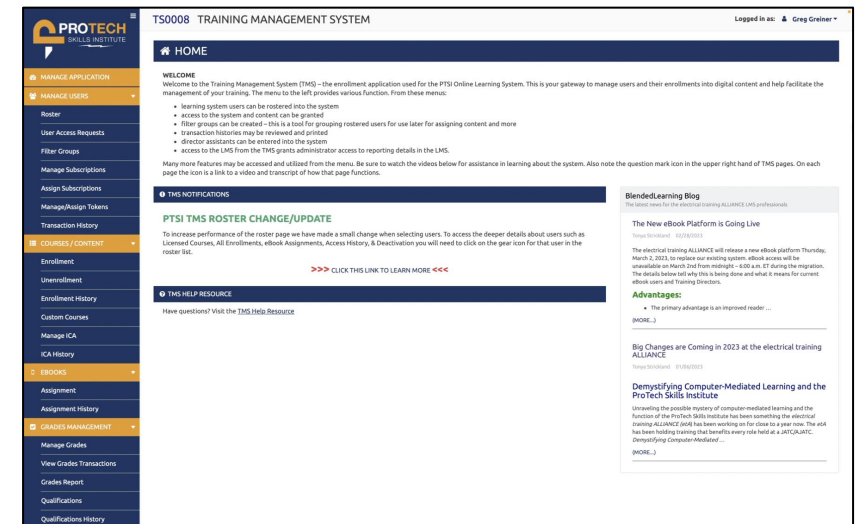

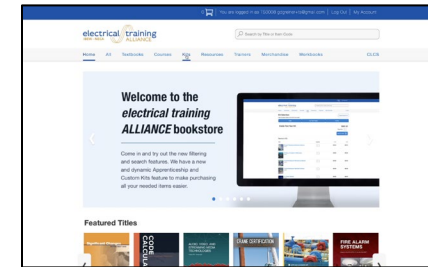

WHAT JUST HAPPENED?

1. **Content was purchased from etA Bookstore.**
 - a. **There is no subscription to this.**
 - b. **You now buy the Interim Credentials course here.**
 - c. **Users only need one license each for instructors and students.**

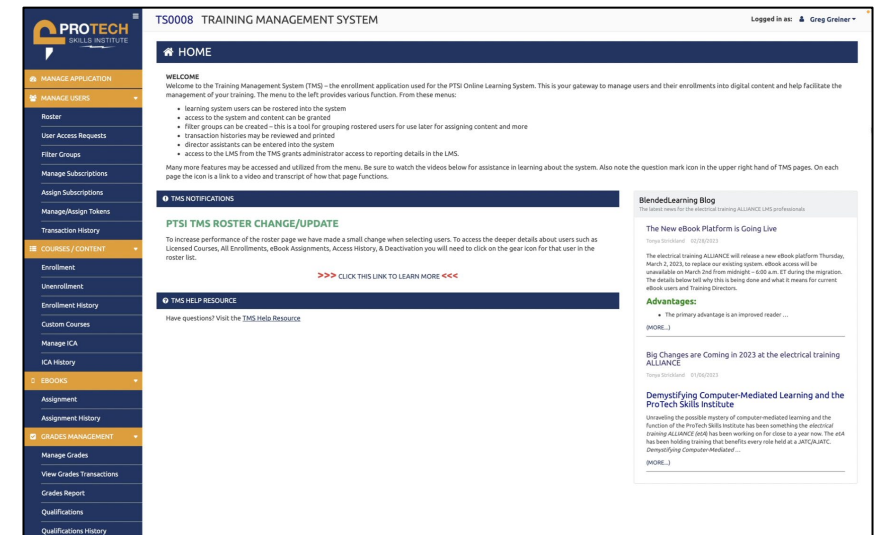

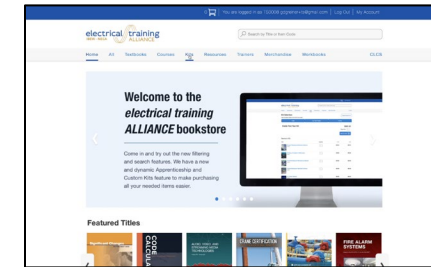

WHAT JUST HAPPENED?

1. Content was purchased from etA Bookstore.
 - a. There is no subscription to this.
 - b. You now buy the Interim Credentials course here.
 - c. Users only need one license – instructors or students.
2. Content was distributed to users in the TMS.
 - a. Instructors and students need content to be assigned/to be enrolled in content.
 - b. Sessions are still created in a similar way as before.

WELCOME to the IC Demo PTSI Online Learning System

Welcome to the Online Learning System. Please make sure you are accessing the site using a device with all of its components up to date. If you have not done so, click this [link](#) to access the [site requirements](#) and [quick start guide](#). For further questions please access the support site and review the available resources there. Check this area often as it is your responsibility to be aware of updates to the system and we will post them here. Should you need help with the system LMS Support can be accessed at all times by clicking the LMS Support link on the bottom right of every page. There, you can find answers to FAQs, Hot Topics, and solutions for most if not all access concerns. But remember, the first line of support is always your instructor. Being aware of all of the available help videos, what is available via the LMS Support link, and knowledge of all of the elements within the topics being taught from the LMS are minimum needs.

SYSTEM NOTIFICATIONS

PTSI TMS Enrollment steps

1. Roster student/Instructors for new users.
2. Provide login access by assigning a subscription or access token to each student and instructor. (allows login to LMS system)
3. Purchase course licenses in the bookstore for students and instructors. (These replace enrollment and session fee costs)
4. Use the Enrollment menu item to apply purchased course licenses to students and instructors to grant access to those classes.

If you have not done so, click this link to access the site requirements and quick start guide. For further questions please access the support site and review the available resources there. Check this area often as it is your responsibility to be aware of updates to the system and we will post them here. Should you need help with the system LMS Support can be accessed at all times by clicking the LMS Support link on the bottom right of every page. There, you can find answers to FAQs, Hot Topics, and solutions for most if not all access concerns. But remember, the first line of support is always your instructor. Being aware of all of the available help videos, what is available via the LMS Support link, and knowledge of all of the elements within the topics being taught from the LMS are minimum needs.

SYSTEM NOTIFICATIONS

PTSI TMS Enrollment steps

1. Roster student/Instructors for new users.
2. Provide login access by assigning a subscription or access token to each student and instructor. (allows login to LMS system)
3. Purchase course licenses in the bookstore for students and instructors. (These replace enrollment and session fee costs)
4. Use the Enrollment menu item to apply purchased course licenses to students and instructors to grant access to those classes.

Notes:

Any users that had access to a course prior to the PTSI TMS migration, will retain access to those courses.

Instructors only need one course license to be assigned to any number of

Interim Credentials

Last Accessed: 07/19/2023

The Electrical Interim Credentials curriculum was designed by the *electrical training ALLIANCE*, the national training development organization for the International Brotherhood of Electrical Workers (IBEW) and National Electrical Contractors Association (NECA). The Interim Credentials program utilizes a learning approach that appeals to high school students by using technology-based, bite-sized learning and activity assessments. The program is designed for advanced placement into any of the 270 IBEW/NECA Electrical Training Centers across the United States. Once the student completes the mastery of the Interim Credentials program and graduates high school, he or she can present their completion certificate to a training center for consideration of advanced placement into the 4- or 5-year electrical apprenticeship (depending on location). Final entry into an IBEW/NECA apprenticeship program is dependent on the results of the training center's selection process. The Interim Credentials program offers the following courses to prepare prospective students for a career in the electrical industry: Constructing Your Future, Electrical Job Information, Applied Codeology, Electrical Theory 1 - Direct Current, and Construction Drawings.

PTSI Online Learning System Review

Last Accessed: Never

This course is designed to inform the users of the ProTech Skills Institute (PTSI) Online Learning System and its associated resources with the basics for how to interact with the tools. Access this course to learn how the systems are laid out and for insights into how to get the most out of your online learning experience. Initial lessons cover the Online Learning System, the function of the My Records area and how to download and setup your account with the PTSI Mobile Application. By viewing each training and then successfully completing each lesson quiz, the learner will access a completion certificate for the course. Future lessons will be added as new resources become available to users of the PTSI Online Learning System.

- All 5 courses combined into one.
- IC is one course with 50 lessons.
- Each topic has an introductory lesson, with directions.
- Lessons are gated.
- 75% or higher score required on quizzes to move forward.
- Teachers have access to the student version and an ungated teacher version of each lesson.
- Use the teacher version to practice the lessons before students do.
- Look for teacher resource materials! IC version 2 has a great deal more for instructor support.

ABOUT THIS COURSE

IMPORTANT BROWSER INFORMATION

 If you are using Firefox for Windows, please open.

NOTE: Lesson quizzes allow unlimited attempts. The only restriction is a system delay of 10 minutes for students between 1st and 2nd attempts and 30 minutes between 2nd and any subsequent attempt. The CML Progress report displays an average score of all attempts at each quiz.

COURSE SYLLABUS

- ▶ Lesson 1: Constructing Your Future (CYF): About this Topic 
- ▶ Lesson 2: CYF: What to Expect 

- All topics are structured the same way.
- At the end of each topic, an assessment quiz is found in the last lesson.
- Lesson quizzes and topic assessments must be proctored.

COURSE SYLLABUS	
▶ Lesson 1: Constructing Your Future (CYF): About this Topic	▶
▶ Lesson 2: CYF: What to Expect	▶
▶ Lesson 3: CYF: Opportunities Abound	▶
▶ Lesson 4: CYF: Personal Responsibilities & Expectations	▶
▶ Lesson 5: CYF: Safety Never Takes a Break	▶
▶ Lesson 6: CYF: What it Takes to Succeed	▶
▶ Lesson 7: CYF: Topic Assessment	▶
▶ Lesson 8: Electrical Job Information 1 (EJI-1): About this Topic	▶
▶ Lesson 9: EJI-1: Safety and Awareness in the Workplace of an Electrical Worker	▶
▶ Lesson 10: EJI-1: Identifying Some Basic Tools and Common Materials of the Electrical Trade	▶
▶ Lesson 11: EJI-1: Basics of Insulated Conductors	▶
▶ Lesson 12: EJI-1: Choosing and Installing Anchors and Fasteners	▶
▶ Lesson 13: EJI-1: Types of Building Construction	▶
▶ Lesson 14: EJI-1: Conductor Installation	▶
▶ Lesson 15: EJI-1: Devices and Switches	▶

- At the end of each topic, an assessment quiz is found in the last lesson.
- If the student achieves a score of 75% or higher, they will earn a topic-based completion certificate.
- When the student completes the first 49 lessons, lesson 50 provides the final completion certificate for the entire course.
